Crufts Large Novice ABC Agility Stakes (Special) 2018 – 2019

This competition is a special agility competition open to all dogs excluding Border Collies, Working Sheepdogs and any of their crosses. In the event of a dispute over parentage of a dog, a decision will be left to the judge's discretion.

Those dogs eligible to compete in competition for Large dogs are those measuring over 430mm at the withers.

Dogs should be eligible to compete at Grade 1 – 5 at the time of qualifying for the semi-final. Any subsequent wins gained by the dog will not alter its eligibility to compete in the semi final or final,

The competition will be held under Kennel Club rules and regulations for Agility and any handler entering the competition will be deemed to have agreed to abide by these rules and regulations.

Standard rules will apply and all equipment used shall be of a standard size for that height category.

The semi-final and final will consist of one round of agility competition and one round of jumping competition. The winner of the Large Novice ABC Stakes will be the dog and handler with the least combined faults in the fastest combined time calculated over the two rounds of the final.

There will be 10 qualifying shows throughout the year. The first 10 placed dogs in each heat will have the following points awarded.

1st place = 10 points, 2nd place = 9 points etc. down to 10th place = 1 point. Qualifying points will be awarded down to 10th even if the show does not award class places down to 10th.

If a qualified handler or dog is unable/unfit to attend the final, reserves will be taken from dog/s with the highest number of points from the heats which have/has not qualified. The top twenty dogs, with the most points, will be invited to a semi-final at Discover Dogs 2018. A maximum of two representatives of any one breed will be invited to the semi-final. This decision will be at the organisers' discretion.

The first ten highest placed dogs at the semi-final will be invited to compete in the finals to be held at Crufts Dog Show, NEC Birmingham in March 2019.

The following regulations apply to all Crufts and Discover Dogs qualifying Agility competitions and heats. All events must be judged under the appropriate Kennel Club regulations H & H (1) in force at the time of the event. Competitors entering any competition will be deemed to have agreed to abide by these regulations. All heats must take place at Kennel Club licensed shows and the class name in the schedule should replicate exactly the name of the competition as stated in these regulations. All Kennel Club supported competitions should be judged using standard marking. If the entry for the heat exceeds the Kennel Club limit for a judge in a day, then the class will be equally split and another judge appointed for the second part. Qualifiers and points from that heat will be taken in equal proportion from each part. Dogs entered in any heats must be eligible for the competition entered. Judges have the right to check the dog's Kennel Club Agility Record Book to ensure the dog is running in the correct height category. Where points are accumulated throughout the year these will be allocated to the specific handler and dog partnership (no substitution of dog or handler may be made). If there is an equality of points after all the heat results have been calculated, the dog and handler partnership which has achieved the highest place at a heat will take preference in the final allocation of places. An entry fee will be charged for each dog for Crufts.

Eligibility

In estimating the number of awards won, all wins up to and including 25 days before the start of the competition shall be counted when entering any class, ie 21st August 2018.

Owners/handlers of small and medium dogs must bring to the show their agility record books containing the officially recorded height of their dogs.

In the following definitions of classes, First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Championship Agility, Premier Agility, Open Agility or Limited Agility Shows (ie Special classes and invitational events excepted). Only a first place with a clear round competed within the course time set by the judge will count towards grade progression.

In defining the eligibility of the owner for Grade 1, the three jumping wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.

Standard Classes may be scheduled for Agility Shows, as Agility classes or Jumping classes. All standard classes must contain the Weaving Poles obstacle. Standard Agility classes must contain the following elements: 'A' Ramp, Dog Walk and See-Saw.

Class Structure

A class may be either held as a graded Class or a Combined Class. A Graded Class may be scheduled for one or more consecutive grades with separate results for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results.

Progression

Progression from each Grade will require one Agility win or three Jumping wins in standard classes at that grade, at either Full height or the Lower Height Option, except that progression from Grade 5 will require 3 wins at Grade 5, one of which must be an agility class. Progression from grade 6 will require 4 wins at Grade 6, two of which must be agility classes. Results from Combined Classes will only count towards progression from the dog's current grade.

Lower Height Option

Societies may offer the Lower Height Option to all dogs in that height category and it may be offered at all grades. It is to be run as part of any Standard class as defined in these regulations and must be clearly identified in the schedule. Each relevant class will have two heights with a change part way through to raise/lower the jump heights and may extend/reduce the length of the long jump and width of the rising spread, within the permitted ranges, and competitors must run at their entered height.

The order in which the heights will run must be detailed on the ring cards/ring plan. There will be only one course walking at the start of the class. In a class where the Lower Height Option is available show organisers may offer one set of awards by combining the results of each height or may offer separate awards for each height category.

No practice is allowed on the course save that competitors will be allowed to walk the course set at Small, Medium or Large height without their dog(s) before the class begins. The height of the hurdles may be raised/lowered and the length of the long jump and width of the rising spread may be extended/reduced, within the permitted ranges, during the course walking time if multiple heights are offered within the same class.

When the Lower Height Option is scheduled a dog may only be entered at either the Full Height or the Lower Height and it cannot compete at a different height in any other class at that competition, including special classes. For these purposes a competition shall be defined as all classes covered within the same schedule.

Points Progression

At the handler's discretion a dog may progress up to Grade 4 by winning 100 points at each Grade, using the Agility Warrant points scheme, (Regulation K3.c refers), except that there is no requirement for a minimum number of agility points. If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression; however, once a dog has progressed it cannot return to a previous grade.

Progression on points must be done prior to the closing date of entries. It is not possible to change a grade on points once the entries have closed.

STANDARD CLASSES

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the three jumping wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.
